Improvements to the Jumma Masjid at Mysore.

I have the honour to inform you that the revised estimat effecting improvements to the Jumma Masjid at Mysore sanctioned for Rs 38,058 in G.O.No.695-7/Muz.362-22-7 dated the 14th November 1924 -- completed at a cost of Rs 38,827 and completion report also sent up.

2. Under instructions from the Private Secretary to His Highness the Executive Engineer, Mysore Special Division, inspected the building in company with the Amildar and the Darwesh Peer of the Institution when it was represented that in spite of the improvements already carried out, the building is not fit for offering prayers in the absence of items of work specified in the margin which are urgent and without which the local devotees do not attend the Mosque for Namaz.

(1) Dome over the saintly portions.
(2) A doorway inside the saintly portion with necessary masonry pillars to suit the place.
(3) China matting
(4) Shutters for the front openings.
(5) A seat to the side of the saintly room

Accordingly the Executive Engineer prepared a detailed estimate amounting to Rs 2,210 for the above mentioned items of work making a lumpsum provision of Rs 500 therein for the installation of electric lights as well. After scrutiny in this office it reduces itself to Rs 1,980; this is herewith forwarded for favour of sanction.

The difference is mainly due to the deletion of the provision made by the Executive Engineer on account of the usual establishment and tools and Plant charges as the cost of the work, now proposed is recommended by the Muzrai Commissioner and the Deputy Commissioner to be met from State Grant for the year 1926-27, as the Institution has no funds at its credit.

I have the honour to be,

Sir,

Your most obedient servant,

Chief Engineer of Mysore.
